

Institute of Infrastructure, Technology, Research and Management

Popular Lecture Series (2014 – 15)

The first ever lecture under Popular Lecture Series in the second academic year of IITRAM was addressed by **Prof. S. C. Sahasrabudhe, Director at Dhirubhai Ambani Institute of Information and Communication Technology (DAIICT)**. He obtained his Ph.D. degree from Leningrad University, USSR in the field of Communication/Signal Processing. His fields of interest include Communication and Microprocessor Applications.

His tremendous knowledge in his subject and administration has been recognized very well. To be more precise about his works and rewards, the audience had to make aware that he has been awarded the Life Time Achievement Award in 2005, by IIT-Bombay and also the Best Teacher Award in 2002 by IIT-Bombay. He also been was honored with the – Fourth IETE Prof. SVC Aiya Memorial award for outstanding contributions in motivating research work in Electronics and Telecommunication Engineering in September, 1998.

From **12.00 PM to 1.00 PM** in Seminar Hall, on **13th August, 2014**, among a huge crowd including almost all the students of 1st and 3rd Semester and faculty members, Prof. Sahastrabudhe spoke on ‘Electronics’ with extreme vigor and information packed details. He started his talk from the very history of the term ‘Electronics’ with various references and audio-visual aids. The history of transistor and amplifier was discussed in length with rare pictures in his Power Point Presentation. The audience was fascinated after peeping into the history and its relevance in Electronics. Students were encouraged to interact and come up with questions after his informative talk. Many doubts were solved by him before he left the premises. Indeed, the session was full of rare information.
