

IITRAM-Popular Lecture Series

IITRAM has started popular lecture series for enhancing knowledge and updating current research activities in science and technologies. This activity will certainly boost the knowledge of students and may create interest in research and development. Under this Popular Lecture Series, speakers are invited from national/international institutes/universities including faculties of IITRAM. Two lectures have been arranged since January 2014. The information about speaker, title of presentation etc. are given below:

Popular lecture series: 1

First lecture in this series was given by known theoretical physicist Prof. R. E. Amritkar, Institute of Infrastructure, Technology, Research and Management (IITRAM) Ahmedabad on date: 24th January, 2014. The title of his presentation was “Beauty of Fractals”. He introduced concept of fractals.

Popular lecture series: 2

Second lecture in this series was given by Prof. Sanjiv Kumar, School of Science, Indira Gandhi National Open University, New Delhi on date: 22th February, 2014. The title of his presentation was “Electronic structure of atom- a conceptual development”.
