

**Popular Lecture:**

**Topic: Education system of Taiwan**

**Speaker: Prof. Chn-Kun Hu**

Date: 30/07/2014

Prof. Chin-Kun Hu visited IITRAM from 25th July, 2014 to 31st July, 2014. Prof. Hu is a distinguished scientist at Institute of Physics, Academia Sinica, Taipei, Taiwan. His research interests includes statistical and computational physics, nonlinear science and Theoretical biophysics. He has published 247 papers in Refereed Journals. He is a close collaborator of Prof. Ravindra Amritkar of IITRAM. Prof. Hu is a recipient of many honors which include Distinguished Special Research Fellow Prize of National Science Council (Taipei). He was Vice Chairman of IUPAP Commission on Statistical Mechanics (2002-2005). Prof. Hu gave a seminar on 30st July at IITRAM about education system of Taiwan. He discussed various research opportunities available in Taiwan. He also discussed opportunities for a short term visit for the purpose of research in Taiwan. During his visit, he had several discussions with the faculties and the students of IITRAM.
