Date: 06/08/2014

Dr. Ketan Kotecha, Director at Nirma University and the esteemed member of Academic Council, IITRAM gave an enlightening and thought provoking lecture on **Critical and Creative Thinking**. He opened up totally a new vision that one should not rely on the ready-made, available knowledge from internet but try to develop a new thinking with questions like why?, what?, when? and how? He cited many examples from our day to day lives. He made students understand the importance of creativity and critical thinking instead of spoon feeding from the Internet.
