7. IITRAM online Fess collection system is currently available only for student of IITRAM Ahmedabad.
8. Prior to payment of online fees student has to register with the IITRAM site and a candidate unique ID number will be provided with a onetime password to his email id. The individual may change the password and subsequently re-login to commence Fees payment facility.
9. Once registered online, the system will generate an Electronic receipt and a printable course itinerary receipt will be displayed.

Payments

10. Payment for online Fees can be made through credit cards, debit cards, internet banking (direct debit) as specified below.
    a. Credit Card. Payment for online Fees is accepted only in INR, through transactions on any VISA and MasterCard Credit cards, issued only in India. Credit Card payment is subject to authorization from the card issuing bank. You are transacting on a website where the Merchant is based in India. Any fee imposed by Visa / MasterCard will be passed on to the card holders by the card issuing bank. Any additional fee charged by the bank, in addition to your course fees, shall be incorporated in your

credit card statement. It is not charged or billed by IITRAM and hence will not be included in the Online payment.

b. Debit Card. Online Payment is accepted only in INR, through transactions on any VISA and Mastercard Debit cards, issued only in India. Debit Card payment is subject to authorization from the card issuing bank. You are transacting on a website where the Merchant is based in India. Any fee imposed by Visa / MasterCard will be passed on to the card holders by the card issuing bank. Any additional fee charged by the bank, in addition to your course fees, shall be incorporated in your bank statement. It is not charged or billed by IITRAM and hence will not be included in the Online Payment.

Security Information

11. To ensure secure online payment and all other transactions of personal data, IITRAM, uses a technology called SSL (Secure Socket Layer). SSL encrypts all communications between your computer and our server so that the information can only be read and understood by IITRAM server. A closed lock in the bottom left (Netscape) or right (Internet Explorer) corner of your browser window shows a secure connection. For further information, please consult your browsers' security specifications. If your browser is equipped with SSL (i.e. Netscape 4.0 and higher/ Internet Explorer 4.0 and higher), then your transaction will automatically be secured. The common standard in the Internet to signal a secure site is a closed lock at the bottom of the browser. As long as the lock is displayed closed your information is secure and encrypted to avoid abuse. If you click the secure transaction link and still cannot see the closed lock, the reason may be that the window is nested in another frame. To check that you have a secure connection (in Internet Explorer), click the right mouse button and properties, then certificates. Then you will see if the connection is secure or not. Another way (in Netscape) click the right mouse button and 'view frame info' at the bottom of the text you will see Security information.

12. Your Credit Card details are transmitted to the payment gateway under PCI security guidelines.

Documentation Requirements

13. The responsibility to ensure the correctness of all documentation rests solely with applicant. IITRAM will not be responsible for any damages arising out of incomplete or improper documentation on applicant part.

14. The candidate shall present all documents as required for the course, by laws, regulations, orders, etc. IITRAM reserves the right to withdraw the candidate from a course who has not complied with applicable laws, regulations, orders, demands or requirements or whose documents is incomplete, or who does not permit IITRAM to take and retain copies thereof.

Privacy Policy

1. We, IITRAM value the relationship we have with our candidates and web site visitors. The following privacy commitment has been created to demonstrate our policy on privacy. IITRAM is not responsible for the privacy practices or the content of such other Websites.

2. We use your IP address to help diagnose problems with our server and/or to administer our Web site. This gives us an idea of which parts of our site users are visiting. We do not link IP addresses to anything personally identifiable. This means that a user's session will be tracked, but the user will be anonymous.

3. You can visit most pages on our site without giving us any information about yourself. However, our Web site may at various occasions require you to give us contact information like your name and email address and other personal information. We use the contact information only to respond to your queries or send you information about our company.

4. We occasionally engage other parties to provide limited services to us or on our behalf. We will only provide those other parties the information they need to deliver the service, and they are prohibited from using that information for any other purpose.

5. When you give us personal information, IITRAM will not share that information with third parties without your permission, other than for the limited exceptions already listed. It will only be used for the purposes stated above. However, you are requested to review their privacy policies to learn more about what, why, and how they collect and use personally identifiable information.

6. When you visit our site, our privacy policy only applies to http://www.iitram.ac.in network. It does not apply to non-network sites that you connect to from our site. We recommend that you read their privacy policy to understand how they manage personal information. We are not responsible for the content or practices of web sites operated by third parties that are linked to our sites. These links may have been provided as a service to our users. Unless otherwise stated, they do not constitute our endorsement, sponsorship or approval of their content, policies or practices.

7. When someone visits the site, a cookie is placed on the user's machine (if the user accepts cookies) or is read if the customer has visited the site previously. One use of cookies is to assist in the collection of the site visitation statistics described above.

8. Web beacons, also known as clear gif technology or action tags, may be used to assist in delivering the cookie on our site. This technology tells us how many visitors clicked on key elements (such as links or graphics) on a webpage. We do not use this technology to access your personal information on http://www.iitram.ac.in.It is a tool we use to compile aggregated statistics about our Web site usage. We may share aggregated site statistics with partner companies but do not allow other companies to place clear gifs on our sites.

9. If you choose to not have your browser accept cookies from http://www.iitram.ac.in you will be able to view the text on the screens; however, you will not experience a personalized visit nor will you be able to subscribe to the service offerings on the site.

10. This site has security measures in place to protect the loss, misuse, and/or alteration of information under our control. The data resides behind a firewall, with access restricted to authorized IITRAM personnel.
11. IITRAM will occasionally update this privacy statement. We will give you as much notice as possible prior to implementation. In rare cases, just like with any company or person, we may need to disclose certain information to comply with a valid legal process, such as a court order, subpoena or search. We also may choose to establish or exercise our legal rights or defend against legal claims.
