## Message to the Youth

*“It is the young, the strong, and healthy, of sharp intellect that will reach the Lord”, say the Vedas. This is the time to decide your future — while you possess the energy of youth, not when you are worn out and jaded, but in the freshness and vigour of youth. Work — this is the time; for the freshest, the untouched, and unsmelled flowers alone are to be laid at the feet of the Lord, and such He receives. Rouse yourselves, therefore, for life is short. A far greater work is this sacrifice of yourselves for the benefit of your race, for the welfare of humanity. I will tell you in plain language that you work best when you work for others. The best work that you ever did for yourselves was when you worked for others. This life is short, vanities of the world are transient, but they alone live who live for others, the rest are more dead than alive. Be not afraid of anything. You will do marvelous work. The moment you fear, you are nobody. It is fear that is the great cause of misery in the world. It is fear that is the greatest of all superstitions. It is fear that is the cause of our woes, and it is fearlessness that brings heaven even in a moment. All power is within you; you can do anything and everything. Believe in that, do not believe that you are weak; Stand up and express the divinity within you. Therefore, “Arise, awake, and stop not till the goal is reached.”*

**– Swami Vivekananda**

# INVOCATION

संगच्छध्वं संवदध्वं

ॐ शान्तिः शान्तिः शान्तिः

May you move in harmony, speak in one voice;  
let your minds be in agreement;  
just as the ancient gods shared their portion of sacrifice.

May our purpose be the same; may we all be of one mind.  
In order for such unity to form I offer a common prayer.

May our intentions and aspirations be alike,  
so that a common objective unifies us all.

Let us protect each other, support each other  
And be strong together  
May our thoughts shine free of enmity  
Om, peace, peace, peace

# ABOUT IITRAM

Institute of Infrastructure, Technology, Research And Management (IITRAM) was established by the Government of Gujarat as an Autonomous University in 2013 with an aim to bring about significant change in Engineering Education with respect to Technical and Managerial knowledge in the area of Infrastructure. The objective of this Institute is to serve as a Center of Excellence in Research and Teaching in all areas pertaining to Infrastructure. The Institute has a vision of acquiring a status of national importance in Infrastructure and related areas.

IITRAM is located in Maninagar, Ahmedabad, Gujarat. Ahmedabad is one of the oldest living cities in India; known for its rich cultural past, state-of-the-art infrastructure, thriving industries and many modern amenities. Ahmedabad is declared as World Heritage City by UNESCO. The city is well connected nationally/internationally by road, rail and air.

Institute of Infrastructure, Technology, Research And Management offers Bachelor and Master of Technology programs in Civil Engineering, Mechanical Engineering, and Electrical Engineering. The Institute also offers Ph.D. studies in various fields in Basic Sciences, Engineering, Humanities and Social Sciences.

# VISION STATEMENT

## GOALS

- To provide a system of technical education capable of responding to the changing requirements of technical manpower;
- To bring about qualitative improvement in teaching and learning process;
- To inculcate the practice of creating instructional experiences which make the acquisition of knowledge and skill more efficient and effective;
- To facilitate and promote studies leading to award of degrees, diplomas and certificates;
- To organize advanced studies and promote research, with a focus on basic and applied sciences, engineering, technology, humanities and social sciences, and management;
- To achieve excellence in science, engineering, technology, management and allied areas and matters connected therewith or incidental thereto;
- To provide necessary help to encourage entrepreneurship amongst students;
- To maintain active connect with alumni and develop alumni sponsored programmes;
- To promote research, effective teaching methodology, application of scientific knowledge in the field of infrastructure;
- To help foster bond between research organizations, academic institutions and infrastructural development agencies for better planning, management, execution, maintenance and operation of infrastructure;
- To develop training facilities for urban bodies, industries and technical teaching and other allied bodies;
- To set up innovative centres' for developing knowledge parks, techno parks and technology incubators to foster entrepreneurship

## VISION

Institute of Infrastructure, Technology, Research And Management has been established to contribute to the community of world-leading researchers by promoting excellence within disciplines and inter-disciplinary teams, tackling global challenges, providing cultural enrichment and thereby, benefitting the economy. The University aims to develop and support research activity in areas of global significance like basic and applied sciences, engineering, technology, humanities and social sciences, and management. With the visionary curriculum development and delivery, the University believes to establish reputation among peer research universities for excellence in teaching, research and high student satisfaction. The aim of the University is to make sure that the students develop their personal strengths. By enhancing the teaching and assessment methods continuously, and keeping up with the latest technologies, the University aims to become well known for excellent knowledge transfer. The development of scientific and technical team work, the nourishment of the expertise in scientific innovation and interdisciplinary research are the basic constituents of the University. The University strives to make continuous efforts towards establishing quality and transparent value system for education and research.

## MISSION

- To transmit a high level of knowledge in all the fields of technology, sciences and humanities
- To train the students for problem solving, leadership and team work by the application of acquired knowledge and skills
- To develop the students' competence to work on interdisciplinary projects
- To foster communication skills in students to help them in effective professional growth and gaining knowledge advancement
- To stimulate critical thinking in students through an understanding of scientific methods and elements of logic, for the purpose of analysis and augmented reasoning
- To inculcate a code of understanding and respecting differences with a high level of interaction, to serve the larger objective of contributing towards nation building
- To imbibe the capacity of ethical reasoning and the development of a system of values as an individual and collective obligation

## ACADEMIC PHILOSOPHY

The University aims to achieve a transparent teaching-learning process and strives to be among one of the best research universities. In order to achieve this; innovative teaching methods, hands on training for the practical knowledge and latest technology are implemented in the classrooms and the state-of-the-art laboratories. The courses/curriculum are designed keeping in mind the necessity of the forthcoming requirements of the society and industries. For the best implementation of the courses designed, the faculty on board are selected keeping in mind their best academic record, their individual achievements and dedication in their respective fields. The University encourages students to develop their personality and learning style. With an aim to disseminate theoretical and practical knowledge to the students, University encourages and supports the students by facilitating industry internships and industry collaborative projects, so that the students acquire hands on experience along with classroom learning.

## ACADEMIC VALUES

The University envisions creation of future engineers, researchers and entrepreneurs with core values by:

- Teaching moral and ethical values for their better professional future
- Integrating classroom teaching with practical learning; through laboratory sessions, industry interaction and field trips
- Encouraging inter-disciplinary approaches in teaching and research to fulfill future society needs
- Motivating the students to explore and develop their strengths, enhance their skills and technical competence and preparing them for addressing the global needs

# INSTITUTE ACHIEVEMENTS

## STATE-OF-THE-ART LABORATORIES:

Each laboratory is equipped with state-of-the-art instruments. To name a few:

- ION Chromatograph
- Polarizing Microscopes
- Total Organic Carbon Analyzer
- Hydrogen Fuel Cell Training System
- Magnetic Levitation Work Station
- Couple Tank Work Station
- Digital Storage Oscilloscope
- Automatic Grinding & Polishing
- Cryogenic Machining Facility
- Power Quality Analyzer
- Inverted Metallurgical Microscope
- Surface Roughness Tester

## ACADEMIC ACHIEVEMENTS:

- **80** Research Scholars enrolled in the Institute in a span of 5 years
- **13** Ph.D. defended/**14** Ph.D. Thesis submitted
- **499** Research Papers in National/International Journals/Conferences
- Number of Patents Filed: **46**; Patent Granted: **07**
- Number of Books/Chapters Published: **87**
- **17** Research Projects approved by Central Govt. with a total grant of around **Rs. 6.34 Crores** over last 5 years.
- Center of Excellence in the field of “**Industrial Machinery**”
- Established Student Start-up and Innovation Policy (**SSIP**) Center in September 2018

## OUTREACH ACTIVITIES:

- Consultancy services offered around **Rs. 4.14 Crores**.
- Short-term Courses/Workshops/Conferences: **39** over a period of 5 years
- Mumbai-Ahmedabad High Speed Rail Project: Department of Civil Engineering, IITRAM is providing engineering services to L&T and other associated organizations for the prestigious Mumbai-Ahmedabad High Speed Rail Project. The main services includes training of engineers and technicians for soil laboratory testing, and expert consultancy services for the project. IITRAM is happy to be actively contributing towards skill development for High Speed Rail Project, a step towards nation building.

## INTERNATIONAL COLLABORATIONS:

- University of Ljubljana, Slovenia to foster Academic Excellence
- Hiroshima University, Japan
- Jacobs University and University of Bremen, Germany
- Loughborough University, UK
- ICA, Toulouse, France
- Swine Burne University, Australia
- Curtin University, Australia
- UTRGV; Texas, USA

## NATIONAL COLLABORATIONS:

- Indian Institute of Technology Bombay (IITB) to participate as a remote center in the Centre for Distance Engineering Education Programme (CDEEP)
- ISRO, Department of Space, Government of India, Ahmedabad for IRNSS Navigation Receiver Field Trail and Data Collection is in vogue since August 2016.
- Indian Institute of Remote Sensing (IIRS) Dehradun, Department of Space, for its online outreach programmes through Satellite Lecture Series.

## ACTIVITIES RELATED TO DEFENCE TECHNOLOGY:

- Government of Gujarat has supported an activity of Aerospace Engineering at IITRAM. We have formed a committee which includes reputed academicians and technocrats in the area of Aerospace Engineering. On their advice, a minor programme in “**Aero-Robotics**” has been initiated from 2019- 20. The programme has been designed, specific to the need of employability of students and usefulness to the industry.
- Government of Gujarat has initiated the activity in the area of defence technology in IITRAM. Section (8) company is formed with IITRAM and Gujarat University as partners. This company is called as “**Institute of Defence Studies and Research Foundation (IDSRF)**”.

# UNDER GRADUATE RESEARCH AWARDS-2 (2020-21)

Under Graduate Research Awards-2 is awarded in recognition of truly exceptional work, both in quality and quantity, carried out by the students during their final year B. Tech. Project.

## Department of Electrical and Computer Science Engineering

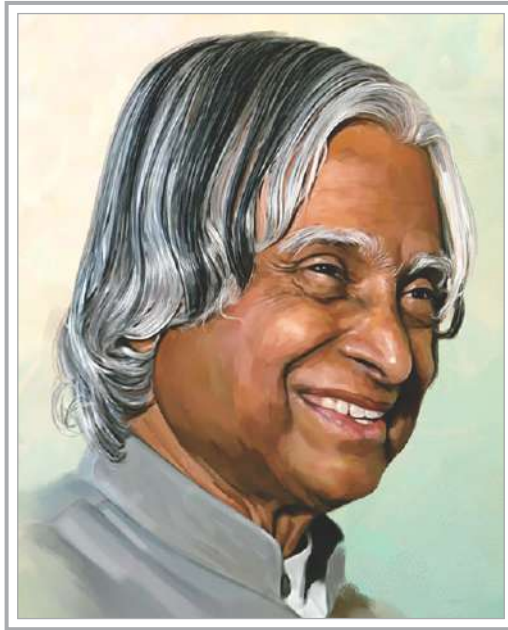

<b>Name</b>	<b>Project Title</b>
Mr. Akash Modi	Design and Analysis of High Gain Multiband
Mr. Vanshul Sharma	Reconfigurable Array Antenna for IRNSS, GPS, Mobile Networks, Wi-Fi, and Satellite Communication
Mr. Virendra Patel & Mr. Jainendra Tiwari	Machine Learning and Signal Processing in Sleep Analytics
Mr. Divyash Kumbhani Mr. Anuj Yadav .	Automated Sleep Apnea Detection using Wavelet-based Features of Pulse Oximetry Signals

## Department of Civil Engineering

<b>Name</b>	<b>Project Title</b>
Mr. Rohan Kumar	Comparison of Alccofine and Metakaolin as
Mr. Raghav Tandon	Mineral Admixtures for Development of High
Ms. Aashvi Shah	Strength Concrete

## **Song of Youth**

*As a young citizen of India,  
Armed with technology, knowledge and love for my nation,  
I realize, small aim is a crime.*

*I will work and sweat for a great vision,  
The vision of transforming India into a developed nation,  
Powered by economic strength with value system.*

*I am one of the citizen of the billion;  
Only the vision will ignite the billion souls,  
It has entered into me;*

*The ignited soul compared to any resource,  
Is the most powerful resource on the earth,  
Above the earth and under the earth.*

*I will keep the lamp of knowledge burning,  
To achieve the vision – Developed India,  
If we work and sweat for the great vision with ignited minds,  
The transformation leading to the birth of vibrant developed,  
India will happen.*

*I pray the Almighty:  
“May the divine peace with beauty enter into our people;  
Happiness and good health blossom in our bodies, minds and souls”.*
