05 August, 2024

CLASS OF 2024 CONVOCATION CEREMONY

**INSTITUTE OF INFRASTRUCTURE, TECHNOLOGY,
RESEARCH AND MANAGEMENT**

(An Autonomous University established by Government of Gujarat)

MESSAGE TO THE YOUTH

“It is the young, the strong, and healthy, of sharp intellect that will reach the Lord”, say the Vedas. This is the time to decide your future — while you possess the energy of youth, not when you are worn out and jaded, but in the freshness and vigour of youth. Work — this is the time; for the freshest, the untouched, and unsmelled flowers alone are to be laid at the feet of the Lord, and such He receives. Rouse yourselves, therefore, for life is short. A far greater work is this sacrifice of yourselves for the benefit of your race, for the welfare of humanity.

I will tell you in plain language that you work best when you work for others. The best work that you ever did for yourselves was when you worked for others. This life is short, vanities of the world are transient, but they alone live who live for others, the rest are more dead than alive. Be not afraid of anything. You will do marvelous work. The moment you fear, you are nobody. It is fear that is the great cause of misery in the world. It is fear that is the greatest of all superstitions.

It is fear that is the cause of our woes, and it is fearlessness that brings heaven even in a moment. All power is within you; you can do anything and everything. Believe in that, do not believe that you are weak; Stand up and express the divinity within you. Therefore, “Arise, awake, and stop not till the goal is reached.”

– Swami Vivekananda

INVOCATION

सं गच्छध्वं सं वदध्वं सं वो मनांसि जानताम् ।

देवा भागं यथा पूर्वे संजानाना उपासते ॥ (ऋग्वेदः - १०.१९१.०२)

॥ ॐ शांतिः शांतिः शांतिः ॥

May you move in harmony, speak in one voice;
let your minds be in agreement;
just as the ancient gods shared their portion of sacrifice.

May our purpose be the same; may we all be of one mind.
In order for such unity to form I offer a common prayer.

May our intentions and aspirations be alike,
so that a common objective unifies us all.

Let us protect each other, support each other
And be strong together
May our thoughts shine free of enmity.

Om, peace, peace, peace

ABOUT IITRAM

Institute of Infrastructure, Technology, Research And Management (IITRAM) was established by the Government of Gujarat as an Autonomous University in 2013 with an aim to bring about significant change in engineering education with respect to technical and managerial knowledge in the area of Infrastructure. The objective of this Institute is to serve as a Center of Excellence in Research and Teaching in all areas pertaining to Infrastructure. The Institute has a vision of acquiring a status of national importance in Infrastructure and related areas.

IITRAM is located in Maninagar, Ahmedabad, Gujarat. Ahmedabad is one of the oldest living cities in India; known for both its rich cultural past as well as state-of-the-art Infrastructure, thriving industries and many modern amenities. Ahmedabad is declared as World Heritage City by UNESCO. The city is well connected nationally/internationally by road, rail and air.

Institute of Infrastructure, Technology, Research And Management offers Bachelor of Technology programs in Civil Engineering, Computer Engineering, Electrical Engineering and Mechanical Engineering. The Institute also offers Honours program in above disciplines and minors program in Aero Robotics, Computer Science & Engineering and Management. The Institute offers Masters programs in Civil Engineering, Electrical Engineering and Mechanical Engineering domains. The Institute also offers Ph.D. program in the fields of Basic Sciences, Engineering, Humanities and Social Sciences.

VISION STATEMENT

GOALS

- To provide a system of technical education capable of responding to the changing requirements of technical manpower
- To promote research, effective teaching methodology, and application of scientific knowledge in the field of infrastructure and allied areas
- To inculcate the practice of creating instructional experiences which make the acquisition of knowledge and skill more efficient and effective
- To facilitate and promote studies at undergraduate, postgraduate and doctoral levels that contribute towards sustainable infrastructure development and nation building
- To organize advanced studies, promote research and achieve excellence in sciences, engineering, technology, humanities and social sciences, management and allied areas
- To provide necessary support to encourage entrepreneurship amongst students
- To maintain active connect with alumni and develop alumni sponsored programmes that contribute towards students and Institutional growth
- To help foster bond between research and academic institutions, and infrastructural development agencies for better planning, management, execution, maintenance and operation of infrastructure
- To develop training facilities for urban bodies, industries, technical teaching Institutes and other allied bodies
- To set up innovative centres' for developing knowledge parks, techno parks and technology incubators to foster entrepreneurship

VISION

Institute of Infrastructure, Technology, Research And Management has been established to contribute to the community of world-leading researchers by promoting excellence within disciplines and inter-disciplinary teams, tackling global challenges, providing cultural enrichment and thereby, benefitting the economy. With a continuously updated curriculum, the University strives to achieve excellence in teaching and research, with a vision to be amongst the best institutions in our country and abroad. One of the aims of the University is to provide a conducive environment that fosters multi-front skill development and overall growth of the students. By enhancing the teaching and assessment methods continuously, and keeping up with the latest technologies, the University aims to achieve excellence in student learning experience. The development of scientific and technical team work, the nourishment of the expertise in scientific innovation and interdisciplinary research are the basic constituents of the University. The University strives to make continuous efforts towards establishing quality and transparent value system for education, research and entrepreneurship.

MISSION

- To transmit a high level of knowledge in the fields of engineering, sciences and humanities
- To train the students for problem solving, leadership and team work by the application of acquired knowledge and skills, and to develop the students' competence to work on interdisciplinary projects
- To foster communication skills in students to help them in effective professional growth and gaining knowledge advancement
- To stimulate critical thinking in students through understanding of scientific methods and elements of logic, for the purpose of analysis and augmented reasoning
- To inculcate a code of understanding and respecting differences with a high level of interaction, to serve the larger objective of contributing towards nation building
- To imbibe the capacity of ethical reasoning and the development of a system of values as an individual and collective obligation

ACADEMIC PHILOSOPHY

The University aims to achieve a transparent teaching-learning process and strives to be among one of the best research Universities. In order to achieve this; innovative teaching methods, hands on training for the practical knowledge and latest technology are implemented in the classrooms and the state-of-the-art laboratories. The courses/curriculum are designed keeping in mind the necessity of the forthcoming requirements of the industries and society. In order to ensure high quality teaching-learning process, the faculty on board are selected keeping in mind their best academic record, their individual achievements and dedication in their respective fields. With an aim to disseminate theoretical and practical knowledge effectively, and ensure overall development of the students, the University facilitates industry internships and industry collaborative projects. The students are also nurtured to develop their personality, communication skills and learning methods through active participation in various technical and cultural activities. The students are encouraged to take up research and innovation oriented projects with an aim to develop skilled engineers, researchers and entrepreneurs for the future.

ACADEMIC VALUES

The University envisions creation of future engineers, researchers and entrepreneurs with core values by:

- Teaching moral and ethical values for their better professional future
- Integrating classroom teaching with practical learning; through laboratory sessions, industry interaction and field trips
- Encouraging inter-disciplinary approaches in teaching and research to fulfill future society needs
- Motivating the students to explore and develop their strengths, enhance their skills and technical competence, to prepare them for addressing the global needs

PROGRAMME

09:15 – 10:00 hrs	Degree recipients and the invited guests occupy their seats in the Auditorium
10:00 hrs	Arrival of Chief Guest at the Auditorium
10:00 – 10:25 hrs	Robing
10:30 – 10:40 hrs	Academic Procession starts and reaches stage
10:40 – 10:43 hrs	Invocation
10:43 – 10:44 hrs	The Chairman, Board of Governors declares the 6th Convocation open
10:44 – 11:02 hrs	Distribution of Degrees by The Director General, IITRAM <ul style="list-style-type: none"> • B.Tech. degree presentation Director General, IITRAM will admit and charge the degree recipients • M.Tech. degree presentation Director General, IITRAM will admit and charge the degree recipients • Ph.D. degree presentation Director General, IITRAM will admit and charge the degree recipients
11:02 – 11:04 hrs	Scroll signing by The Chairman, Board of Governors
11:04 – 11:08 hrs	Presentation of Medals to the students by The Chairman, Board of Governors and The Chief Guest jointly <ul style="list-style-type: none"> • The Chairman’s Medal: B.Tech. • Institute Gold Medal: B.Tech. • Institute Silver Medal: B.Tech. • Institute Gold Medal: M.Tech.
11:08 – 11:10 hrs	Administration of Oath led by The Chairman Medalist
11:10 – 11:20 hrs	Report by the Director General, IITRAM
11:20 – 11:30 hrs	Chairman’s Address
11:30 – 11:33 hrs	Introduction of Chief Guest
11:33 – 11:43 hrs	Chief Guest Address
11:43 – 11:44 hrs	The Chairman, Board of Governors declares 6th Convocation closed
11:44 – 11:45 hrs	National Anthem
11:45 hrs	Academic Procession leaves the auditorium

SONG OF YOUTH

As a young citizen of India,
Armed with technology, knowledge and love for my nation,
I realize, small aim is a crime.

I will work and sweat for a great vision,
The vision of transforming India into a developed nation,
Powered by economic strength with value system.

I am one of the citizen of the billion;
Only the vision will ignite the billion souls,
It has entered into me;

The ignited soul compared to any resource,
Is the most powerful resource on the earth,
Above the earth and under the earth.

I will keep the lamp of knowledge burning,
To achieve the vision – Developed India,
If we work and sweat for the great vision with ignited minds,
The transformation leading to the birth of vibrant developed,
India will happen.

I pray the Almighty:
“May the divine peace with beauty enter into our people;
Happiness and good health blossom in our bodies, minds and souls”.
