

INSTITUTE OF INFRASTRUCTURE, TECHNOLOGY, RESEARCH AND MANAGEMENT (IITRAM)

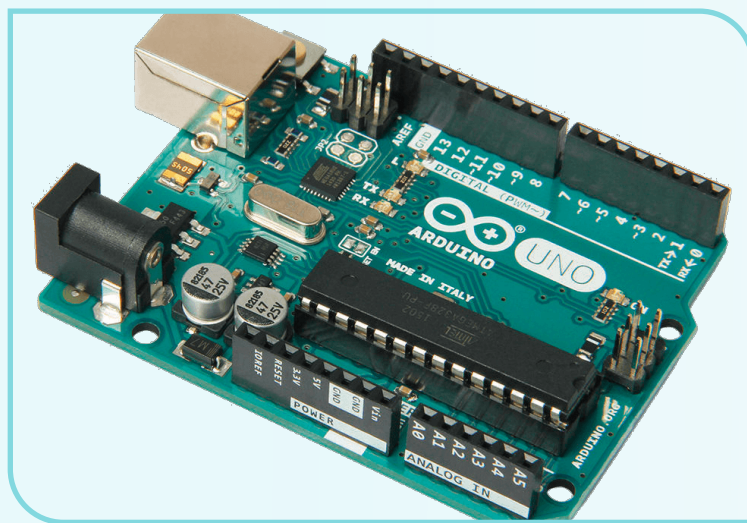

(An Autonomous University established by Government of Gujarat)

VIRTUAL WORKSHOP ON DESIGN LAB

Design Lab:

The Design Lab funded by GUJCOST is established at IITRAM in the year 2020-21 with the objective to create a culture of innovation by fostering the creativity and imagination of students and researchers in designing new products and projects. It also provides an opportunity and a platform to the students with the innovative mind set to work with tools and equipment to transform his/her idea into a product, at least on a lab-scale or pilot project basis.

Workshop:

The virtual workshop aims to inform the students, and researchers about the instrument/equipment, sensors, kits, processors, tools and accessories available in the Design Lab so that the students may use them for their BTP, MTP and Research work.

Who can Participate ?

UG students, PG students, Research Scholars, and Faculty members of IITRAM.

Date: 24/06/2021 | Time: 02.00 - 03.00 pm
