

## INVITED TALKS ON

# Development of Innovative Ecosystem in Gujarat

Jointly organised by

Women's Development Cell and Department of Electrical and Computer Science Engineering

### ABOUT SPEAKER

#### Mr. Hadmat Gadhavi

Manager

Business Development, GSBTM &

Dy. Coordinator of DSIR-GSBTM-TOCIC Cell

Mr. Hadmat Gadhavi is a seasoned professional with a strong background in Microbiology and Bioinformatics. As a resolute researcher, he is currently engaged in exploring the fascinating world of metagenomics within the Rumen Microbiome. His work contributes significantly to our understanding of microbial communities and their impact on various ecosystems. With a rich professional journey spanning several years, Mr. Gadhavi has held diverse roles. He spent approximately 4 years as an Assistant Professor in Microbiology, where he imparted knowledge and nurtured young minds. Additionally, he gained valuable insights during his 1-year tenure in the Human Resource Development Department at GSBTM.

However, it is his 3-year experience as a Manager in Business Development at GSBTM that truly defines his ability. In this role, Mr. Gadhavi plays a pivotal role in advancing the Biotechnology sector in Gujarat. His responsibilities include:

- 1. Biotechnology Business Development:** Mr. Gadhavi actively engages with Biotechnology companies, advocating for Gujarat's thriving Biotech ecosystem. His outreach efforts foster collaboration and growth within the industry.
- 2. Common Effluent Treatment Plant (CETP):** He oversees the execution of the CETP at the Biotech Park in Savli. This critical infrastructure ensures sustainable waste management and environmental protection.
- 3. Project Development:** Mr. Gadhavi is associated with a new project at the Biotechnology Park in Vadodara. This project aims to set up common facilities like Brown Field and Green Field Developments. These initiatives enhance the overall Biotech ecosystem.
- 4. PRISM Scheme Implementation:** Under the guidance of Dr. Anasuya Bhadalkar, Joint Director at GSBTM, Mr. Gadhavi actively takes part in mentoring innovators. The PRISM scheme promotes innovation and drives positive social and economic impact.

Mr. Gadhavi is enthusiastic about connecting with fellow entrepreneurs and innovators.
